Agenda Item: **20.b. Resolution No. 15-16-17: In Support of the Kindergarten Through Community College Public Education Facilities Bond Act of 2016**

Rationale: The Kindergarten through Community College Public Education Facilities Bond Act of 2016 provides for renovation and upgrade of existing classrooms, construction of new classrooms to accommodate growth, and for career technical education facilities to provide job training to meet the trained workforce needs of California's employers. The State is currently out of school facility funds and cannot provide the State match for almost \$2 billion in projects filed under current law. Currently, the Irvine Unified School District has over \$35,000,000 in current and future districtwide modernization eligibility over the next ten years and an additional \$220,000,000 in new construction funds which have been submitted to OPSC and are currently waiting for funding approval. Under this bond act, State matching funds will be available as a contribution to eligible projects.
